HOMEWORK ASSIGNMENT: WEEK 2

Assignment 01:

1. For the given tab separated input file (Module3_Ex1.txt), write a Map Reduce program to remove any records where value of 3rd Column is greater than 20.

2. For the given CSV file (Module3_Ex1.txt), assume the first field as key and write a Map Reduce program to generate the following stats:
    Count, Sum, Max, Min

3. Solve problem 2 by using a Combiner.
